

TO WHOM IT MAY CONCERN

I would like to commend Mayberry, Meldrum and Anderson and in particular, Jeannie Anderson for looking after my good friends, Alanna and Ryan Schultz. I understand that as PAYG employees, their taxation issues are minor in comparison to those that are self-employed, nevertheless when I spoke with them recently they were thrilled to discover their tax bill was significantly reduced as a result of your efforts.

In providing home loans to my clients I endeavour to make sure that debt can be minimise as quickly and efficiently as possible. Thanks to the efforts of Jeannie Anderson, Alanna and Ryan are looking forward to a nice tax refund cheque to do this.

I have no hesitation recommending Mayberry, Meldrum & Anderson to anyone considering using their excellent services.
