TESTIMONY: MMA

I would like to share how amazing Jeannie Anderson from Mayberry, Meldrum and Anderson has been with her support within my BNI chapter of Pinnacle.

Whilst dealing with my many demands as her client and maintaining her own very successful business, Jeannie has from the start, taken my passion for training first aid and made it her own, through action and words. Her latest example of sharing my latest First Aid training proposals leading into Christmas, amongst her own clients supports this.

I thank Jeannie deeply for this kind gesture and look forward to continuing to work closely with Jeannie and MMA and our fellow members of BNI Pinnacle.
