It is with heart felt thanks that I write this testimonial to Jeannie Anderson of Mayberry Meldrum & Anderson.

I have had the pleasure to be a member of BNI with Jeannie over the last 12 months. During that time Jeannie has been a great supporter of me personally and that of my business.

Jeannie has referred to me a number of her clients who all speak warmly of Jeannie the person and respectfully of the astute professional. To be associated with such a decent person is truly the reason why I am proudly a member of the BNI Pinnacle Chapter.

Thank you and I look forward to continuing to develop our businesses in the years to come

Yours Sincerely
